Hi Jenny,

Nice meeting you in person at the Lankershim Great Streets meeting this week.

As we discussed, can you send me a digital version of the standard survey you've been using to prioritize improvements? We had discussed the lack of surveys obtained from businesses (think it was 30 collected versus 300 from the community) and how important it was to collect more feedback from them. What we can do within our BID area is hand deliver and collect the surveys and return to you all.

I also wanted to have you guys in to give a short presentation to our BID board. I see it being a project overview, outreach process, proposed designs, timeline, etc. Our monthly meetings are the 2nd Wednesday of each month at 11 am and our March meeting is scheduled for March 8th @ 11am. Let me know if that might work for you?

We have you present at the top of the meeting and get you in and out quickly.

Thanks,  
Aaron
